

# US EPA Brownfields Competitive Grants Program

## Assessment, Cleanup, Revolving Loan Fund

**The Deadline  
for this year's  
grant  
proposals is  
December 4,  
2003.**

EPA's Brownfields Program assists cities, states, tribes, communities, non-profits, and other eligible entities in efforts to bring unused or underutilized sites back to beneficial use.

Brownfields sites are real property, the expansion, redevelopment, or reuse of which may be complicated by the presence or potential presence of a hazardous substance, pollutant, or contaminant. This now includes sites contaminated with petroleum.

Brownfields grants can be used to assess of sites, cleanup sites, create a revolving loan fund, create inventories of brownfields sites, conduct health studies, purchase environmental insurance, . . . Contact EPA for further details.

Examples of types of sites and type of contamination that can be addressed using brownfields grants include, but are not limited to:

Gas stations, plating shops, landfills, dry cleaners, mine scarred land, auto salvage yards, manufacturing facilities, drug labs, asbestos and lead contamination, railroads, former car dealerships, illegal dump

sites, . . . Contact EPA for site eligibility questions.
